Subject: Compliance Assurance Notification for Lawson Road Follow-Up

Rick,

Please see the draft CAN below, let us know if you have any questions or concerns. Thank you

Subject: Compliance Assurance

Notification: NPDES Inspection

Sites/Facilities

and Locations: Lawson Road Waste Site, Georgetown Delaware

ECAD Point of

Contact: Pete Gold (215) 814-5236

Proposed Action: NPDES Co-Inspection

Basis for Action: EPA Region III has received numerous complaints from a local citizen regarding the disposal of solid waste and other wastes at a property on Lawson Road in Georgetown Delaware. The parcel is in a residential area. In response to these complaints the NPDES Section conducted an unannounced inspection of the site on March 31, 2022, with the Delaware Department of Natural Resources and Environmental Control (DNREC). Unfortunately, EPA was unable to gain access to the property at that time as there was no one on site. EPA and DNREC personnel viewed the site from the property boundaries and determined on-site access was necessary. DNREC was able to track down the property owner and has scheduled an inspection with the property owner for June 16, 2022. In addition to the EPA NPDES Section, DNREC Air, Water, Hazardous Waste and Environmental Crimes Unit will attend the inspection as will the US Army Corps of Engineers.

Proposed

Recipients: N/A

Statute/

Regulation: Clean Water Act, Sections 301 and 402

Sensitivity

Determination: None

Other Programs

Involved: N/A

State

Coordination: EPA has worked with the DNREC's Water and Waste Groups on this inspection.
